

Pfizer Adverse Reactions.

They Tired to Hide for 75 Years.

A 'safe and effective vaccine' with 9 pages of side effects.

Pfizer forced to release documents.

A group of scientists and medical researchers sued the FDA under FOIA to force the release of hundreds of thousands of documents related to licensing of the Pfizer-BioNTech Covid-19 vaccine, USA judge ordered the release, Pfizer wanted to hide this information for 75 years.

US District Judge Mark Pittman has ruled that the US Food and Administration (FDA) must release thousands of pages of documents in relation to the COVID-19 vaccine. These are the papers the government agencies relied on to license the job, known as its "safety data".

They were due to be fully released in 75 years, but now the FDA has just over eight months to do so. The first batches have been released, above you see 9 pages full of adverse reactions our governments failed to inform the public about.
